PERMISSION TO USE WATER BASED HAZER AT YOUR VENUE REQUEST FORM

Comedy in Motion with Bob Cates www.comedyinmotion.com is an entertainer who is coming to perform at your venue.

He uses a **water based** haze machine for lighting effects in show. It is engineered to **NOT** set off alarms. We would like permission to use it at our event.

The Haze used is water based haze fluid:

Odorless, non-irritating, non-toxic, non-flammable

• Leaves no residues or contamination

If you are a hotel or conference centre, it's most likely that many events you've had on site have used a water based haze machine. IT is engineered to NOT set off smoke alarms. Please read it over and email a signed copy back to me. Thanks!

VENUE: Please give permission for use to client.
